# BernieBill

Generate carrier bills directly from BerniePortal.

Free Eligibility Connectivity

Select carriers partner with BerniePortal in order to issue bills via BernieBill. This partnership allows BernieBill to generate accurate, timely bills using the data already hosted in BerniePortal.

Generate Bills

Generate and download bills based on up-to-date benefits enrollment data. Keep record of past bills and past versions of bills.

Include Notes

Add more documentation to your payments by adding notes for every billing period. Include valuable information such as pay date and check number without the trouble of external record-keeping.

Analyze Cost

Access cost per employee, benefit type and provider using realtime information. Track and view adjustments within a given billing period and ensure a clean bill. Even segment cost by specific subgroup or workplace location.
